LODGINGS

©Félix Duchesne

AMISK^W CABIN

A large insulated **Amisk^W cabin** (12 x 24') for 4 people including: 2 single wooden bunk beds, a futon (can accommodate a child), fitted sheets and pillows with pillowcases, full bathroom (compost toilet, sink and shower), 1 rectangular table with 4 chairs, refrigerator and freezer (6 cu. ft.) full kitchen with coffeemaker, kettle, toaster, utensils, 2 propane burners, dishes (8 place settings), pans and pots, dish soap.

The cabin includes electricity (12-volt outlets) and running water.

Outside the cottage: BBQ, mosquito shelter with picnic table, chairs and fire pit.

The **Amisk^W cabin** was created in the spirit of energy autonomy and a limited ecological footprint. It requires a greater participation from the users. A checklist will accompany you in this eco-friendlier rental. Thank you for your collaboration!

REDUCE ECOLOGICAL FOOTPRINT

Electricity:

The floating cabin is powered exclusively by solar panels that charge a battery bank. Do not leave lights on or any other device requiring electricity except when necessary.

Be careful about water management!

Do not let water run unnecessarily (kitchen sink, bathroom sink or shower). The water in the tank is not drinkable – it is taken from the lake.

Residual waste management:

The compost toilet collects liquid and solid waste. Instructions are left in the cabin to explain how it works. For the shower, use biodegradable soap and shampoo.

All waste (sanitary, food and other) must be disposed of in the garbage and/or recycling garbage can provided.

CANOE-CAMPING

Lake Robineau Circuit

The Robineau Lake site is a starting and ending point for canoe-camping.

For more information, please refer to the canoe-camping guide.

EQUIPMENT TO BRING

- Food for the duration of the stay (no food on site)
- Bedding (sheets, blanket or sleeping bag)
- Bath towel, dish towels
- Biodegradable soap and shampoo
- Drinking water
- Flashlight
- Satellite communication device
- Sonar, GPS, marine radio
- Fishing equipment, mooring buoys
- Sunscreen, mosquito repellent, lip balm
- Spare tires for car and trailer
- First aid kit (medicines)
- Warm and waterproof clothing, polarized sunglasses
- Bring a survival kit for the boat (food, dry clothes, fire starter and camping gear)

ATTENTION: This list is not exhaustive and must be adapted according to your own needs.

WHEN YOU GET HERE

ARRIVAL

> **STARTING AT 1 P.M.**

Reception:

Directly at the Rupert Welcome Center
Open 7 a.m. to 4 p.m., Monday to Saturday,
from June to September

Services:

Motor rental available at the Penicouane Bay
camping everyday

Location:

180 km from Chibougamau – turn right at KM 132 on
Route du Nord, follow signs for 26 km.

Access:

26-km access road,
maximum speed around 40-50km/h

Water is not drinkable at this location. It is recommended that visitors **boil the water** available onsite for about 10 minutes.

Dogs are prohibited in all buildings on the wildlife refuge, except for duly identified guide and assistance dogs. **Other domestic animals are prohibited** at all times.

Smoking is strictly prohibited in accommodation areas and rental units as well as in all public buildings.

Due to the geographical remoteness of the AAMW wildlife reserves, **the territory is not covered by the cellular network**. These communication constraints and the distance from hospitals and emergency services can cause significant delays when an emergency response is required.

You are encouraged to bring your **own device** for emergency communications.

It is strictly forbidden to ride an ATV (all-terrain vehicle) in the wildlife reserves.

The use of a **jet ski is strictly prohibited** on all bodies of water.

REMINDER FOR A SAFE AND RESPONSIBLE STAY

“Outdoor activities may entail certain risks. **You must therefore always make sure that you have the skills and abilities required by the chosen activity.** It is very important to be aware of the risks inherent in that activity, to know and respect your abilities and to have the appropriate equipment with you in all cases.”

Refer to the risk management plan section on the website for more information at nibiischii.com

QUIET AND RESPECT

Thank you for respecting the tranquility and infrastructure on the site.
Buildings at this location belong to the Neeposh family and are not available for visitors.
Thank you for respecting the premises. Thank you also for not using generators between 10 p.m. and 7 a.m.

FISHING

CATCH-AND-RELEASE

Catch-and-release fishing is mandatory for Robineau Lake and nearby water bodies in the sector.

Consumption of fish is permitted onsite only.

All fish, released in the water or consumed, must be declared on the catch record of each group of anglers.

Watercraft provided with the Amisk™ cabin package:

2 verchères and 2 canoes (motors not included). There is also 2 SUP on site. Motors not included. Fiberglass verchère, maximum 15-hp short-shaft motor. You must bring your own motor or rent one at Pénicouane Bay (to be planned when making your reservation).

Safety equipment: Adult-size personal flotation devices (PFDs) are available to you along with manual propelling devices. For young children, bring your own PFDs appropriate to their size.

***A boating safety kit is mandatory according to federal regulations and is not included in the craft.**

On the water:

- Don't forget that **navigating on large unmarked stretches of water requires constant attention**, as there are many rocky outcrops and weather conditions can change rapidly and become dangerous.

ATTENTION, ANGLERS!

Access rights are issued on the day. They are therefore valid as of the time of issue on the day you arrive **until 11:59 p.m.**

A daily access right must be obtained for each day of fishing.

AVOID FINES

- › Release your **catch in the water**
- › Have a copy of the **access right** to the body of water on you and visible in your vehicle
- › Have your **fishing license** on you at all times
- › Wear a **personal flotation device** (PFD)
- › Have a **boating safety kit** in your craft

As stipulated in the regulation on wildlife reserves, all those who engage in fishing activity must, when leaving the wildlife reserve, make a report of that activity at the place determined for the purpose, indicating daily catches. Failure to comply with that regulation is an offense and is subject to a minimum fine of \$250.

BEFORE LEAVING

DEPARTURE:

› **BEFORE 12 (NOON)**

Cleanliness: A \$100 housekeeping charge may be billed to clients who do not leave the premises in clean condition.

The camping is next to familial native camps.

Thanks for keeping the site and water access unobstructed at all times.

TERRITORY

Since it has more than 5,000 lakes, it is very difficult to ensure quality access and up-to-date information for all water bodies.

Several users circulate and occupy the territory, which can accelerate the deterioration of the roads. Thus, it is not possible to guarantee the condition of the paths and the water launches. Access is at the customer's own risk.

Access fees are non-refundable.

RUPERT WELCOME CENTER

1584, Route 167 North, P. O. Box 38 – (km 252)

Chibougamau, Quebec G8P 2K5

Phone: 418 748-7748

JUNE TO SEPTEMBER

Open from 7 a.m. to 4 p.m., Monday to Saturday
